

Socially Removed? Unresponsive? Withdrawn? Problems Communicating? Obsessive Interests?

- It increases verbalization
- It promotes calmness and feeling of well being
- It increases oxygen to areas of the brain that are ischemic
- It improves sleep patterns disturbed by oxygen deficiency
- It promotes new blood vessel growth into areas of poor blood flow in the brain

Join us as we discuss how **Hyperbaric Oxygen Therapy** and other DAN (Defeat Autism Now) Protocol modalities are being used to help children diagnosed with Autism Spectrum Disorder.

FREE SEMINAR
